PROFESSIONAL SUMMARY

Results-driven Customer Success and Support Leader with 10+ years of experience across SaaS and enterprise platforms. Recognized for expertise spanning AI Automation, Product Support Leadership, Business Operations, Knowledge Management, and Service Delivery. Proven ability to design incident management frameworks, lead teams of 10+ engineers, maintain SLA compliance above 95%, and implement AI-driven automation reducing resolution times by ~30%. Expert Zendesk Administrator with a consistent track record of transforming reactive support into proactive, scalable operations and delivering measurable business impact.

CORE COMPETENCIES

AI Automation Specialist · Product Support Leadership · Business Operations Leader · Knowledge Management · Service Delivery

Escalation Management · Zendesk Administration · Incident Management Frameworks · SLA Governance & Compliance

People Leadership & Mentoring · Knowledge Base Development (Confluence, OutlineWiki) · Community Portal Management

CRM & Ticketing Tools (Zendesk, Salesforce, JIRA) · UAT Testing · CMMI Governance · Cross-Functional Collaboration

PROFESSIONAL EXPERIENCE

Associate Manager – Developer Support & Operations

2025 – Present

Kore.ai · Hyderabad

- Lead a team of **10+ frontline engineers**, maintaining **SLA compliance above 95%** for enterprise clients globally.
- Designed an AI-powered **Incident Management Framework**, reducing MTTR by **~30%** through automated detection, triage, and escalation workflows.
- Built and administrated end-to-end **Zendesk Support Portal** — workflows, automations, macros, integrations — cutting manual ticket handling by **~25%**.
- Spearheaded **Community Portal Revamp** with marketing & product teams, boosting self-service deflection rate and user engagement.
- Consolidated knowledge resources into **OutlineWiki & Confluence**, reducing average handle time through improved agent documentation.
- Managed full-cycle hiring and onboarding; built structured training programs that cut new-hire ramp-up time significantly.

Associate Technical Lead

2023 – 2025

Kore.ai · Hyderabad

- Promoted to technical lead; served as **primary escalation point** for complex enterprise client issues across multiple product lines.
- Built scalable support frameworks that improved first-contact resolution and **reduced ticket backlog by ~20%**.
- Mentored junior engineers through structured 1:1s, performance reviews, and technical coaching.
- Collaborated with Product Engineering to surface and track critical bugs, shortening issue resolution cycles.
- Led UAT testing for Zendesk integrations and new tooling, ensuring quality and compliance prior to go-live.

Senior Analyst
2022 – 2023

Temenos (Acquired Kony, Inc.) · Hyderabad

- Led customer escalation management with Product Engineering, Sales & Service Delivery for a **global enterprise client base**.
- Managed shift rosters, performance metrics, and CMMI compliance audits across a multi-timezone support team.
- Standardized onboarding documentation and mentored new analysts, reducing training ramp-up time.
- Partnered with internal audit teams on user access policies and governance reviews.

Senior Support Executive
2019 – 2022

Temenos (Acquired Kony, Inc.) · Hyderabad

- Delivered frontline technical (L1) and operational support for global enterprise clients via phone, email, and chat.
- Handled critical P1 escalations and incident troubleshooting, **consistently meeting SLA targets**.
- Earned **Base Camp Sherpa of the Year Award** for outstanding team performance and client satisfaction.

Support Executive → Associate Support Executive
2016 – 2019

Kony, Inc. · Hyderabad

- Provided customer-facing technical support, resolving critical client issues and maintaining high CSAT scores.
- Established ticket quality auditing and CRM reporting best practices adopted team-wide.
- **Promoted twice within three years** based on performance and proactive operational contributions.
